Student Handbook

And

Course/Program Bulletin

Dental Assisting

Owner: Eric Hurtte D.M.D.

Director: Tija K. Hunter CDA/EFDA

Class Start Date: Saturday, _____ Time: 8:00am-5:00pm

Welcome to: *The Dental Careers Institute*. We look forward to sharing with you our knowledge and experience in the dental field. We are here to help you through this process and beyond. This handbook will serve as a guide for you during your time here. Although we have tried to include everything in it, if you have any questions or concerns, please do not hesitate to ask one of our staff. Good luck! We wish you nothing but the best in the journey ahead of you!

DENTAL ASSISTING COURSE

OUR MISSION

Is to provide our students with a basic understanding of the field of dentistry and help them obtain the skills necessary to have a successful and rewarding career.

The *Dental Assisting Course* offered here is a thirteen week program consisting of 96 hours of instruction and practical training (12 weeks). In addition to that, each student will do a 40 hour internship, totaling 136 hours of instruction (13 weeks total).

Goal and Objective: To prepare each student for a career in the field of dentistry. This course schedule is designed to meet that vocational goal and objectives. Each week the student will receive 4 hours of lecture and video instruction with approximately 4 hours of clinical or hands on instruction. Home work is provided with an average of 3 hours per week. There is a one hour scheduled lunch each day.

Internship: Is designed to give students additional hands on training that they wouldn't get in a classroom setting. They will develop practical skills and become familiar and comfortable working with and around patients. The internship office and dentist will ensure that each student get the required 40 hours' worth of training. DCI does not provide internships for its students. Internship is the responsibility of the individual student.

The students will work directly under the supervision of a licensed dentist and their staff. This will give the students valuable experience while assisting the doctor chair-side and being directly involved with sterilization and front office. Internship activities will include; Sterilization, tray set ups, Autoclave, proper handling of dental instruments, assisting the doctor during procedures, answering the phone, accounts receivable, making appointments, etc. The doctor will ensure that the required 40 hours is completed with a pass/fail grade. Students must receive a "pass" grade on their internship in order to graduate from the program.

Criteria for Graduation

Students must pass two written exams, the Mid-Term and the Final, weekly quizzes, weekly competency work and the Internship as listed above to graduate.

Each student must receive a score of 80% or higher on each of the Mid-Term and Final Exams to Pass this course. Scores of 79% or lower on Mid-Term or Final Exams will result in failure of this course. Weekly quizzes from the workbook and in the lab will be graded and will count 10% of the overall grade for the class. Competency work will be evaluated weekly on a pass/fail basis. In the event that a student should fail a practical lab they will have the once chance to retake and pass. There is no retake on the Practical Final Exam which is given week 12. Student's must complete 40 hours of internship and receive an evaluation of Pass to pass either course. An evaluation of failure from the internship requirement will result in failure of either course as well. **Upon graduation students will be awarded a certificate of completion to denote their achievement.** The grading is as follows: Midterm and Final Exam=80%, Practical=10%, Weekly quizzes=10%.

Student's progress will be evaluated by weekly quizzes with questions coming from the homework, and evaluation of competency labs. Students will receive a Progress Report every two weeks, which will include current status of Pass or Fail and course of action to improve in the case of failure. If the student has not made satisfactory progress by the next progress report (two weeks) then they will receive a notification to be dropped from that course session and allowed to retake the course starting at the next session. Failure to attend the next session will result in an automatic F for the course. **In the event that a student should fail the Mid-Term exam they will have one chance to retake it. All retakes must be taken within two weeks of failed exam or competency and retake scores are used to determine pass or fail. Final exam and Practical exam cannot be retaken in the event of failure.**

Each student must receive/attend;

- *Weekly Quizzes/Lab work 80% or higher (cumulative)
- *Mid-Term Exam (written) 80% or higher (one re-take)
- *Final Exam (written) 80% or higher (no re-take)
- *Practical Exam 80% or higher (no re-take)
- *Internship Pass/Fail
- *Attendance 96 hours Lecture with Lab/40 hour internship

Admissions Policy is as follows: Applicants must either be a high school diploma or equivalent credential, to be admitted into either course. Applicants must pay a \$75.00 application fee upon application. Class size is limited to 24 students per session, therefore students will be admitted on a first come first serve basis. To Apply: Applicants can obtain an application form from Tija Hunter, 7766 Winghaven Blvd, O'Fallon MO 63368, or from our web site. Applications must be submitted with \$75.00 application fee to the address above, no later than 3 days before the start of the next class. If submitted less than 3 days prior to the start of the session and there is sufficient room to allow the student in, the student will be admitted. If class size is full, then the student will be allowed to start at the next session date.

The **Standard and Grading** for student achievement is as follows: Passing scores or evaluations are 80% and higher. Failing scores or evaluations are 79% and less. Mid-term and Final written exams, as well as Competencies and Internship must each receive a Pass for graduation. Quizzes are scored weekly and cumulatively count for 10% of the overall grade. Students must pass the Practical Exam with a score of 80% or better to pass the course.

FOR STUDENTS PAYING IN FULL BEFORE PROGRAM START DATE:

The **Tuition, Fees and Supplies** for the Dental Assisting course are \$3475.00, which includes:

- A. Instructional Materials-\$300.00**

20% complete—20% of loan value due/contract cancelled

30% complete—30% of loan value due/contract cancelled

40% complete—40% of loan value due/contract cancelled

50% complete—50% of loan value due/contract cancelled

51% or more complete—no refund is given and student is expected to continue their loan payment with UGA for its full term under all contract agreements with them.

Termination or Withdrawal: Any student may withdraw in person or in writing. Withdrawal from the program should be directed to Tija Hunter, Director. Withdrawal date will be the date the letter is received in the Director's office. Students who discontinue training for any reason are requested to have an exit interview with the Director. Exit interviews are not mandatory, but recommended.

Dental Assisting Course Calendar: Each course session is a twelve (12) week course, or 96 hours of instruction followed by a one week, 40 hour internship. Instruction given weeks 1-6 with a mid-term exam given on week 7. Instruction given weeks 7-12 with a final and practical exam given on week 12, followed by one week (40 hours) of internship. There are four course sessions a year, January, April, June and September.

Absence and tardiness policy: Class is from 8am to 5pm on Saturdays with a one hour scheduled lunch each day. Students must make up any missed class time the following week. If a student misses two or more classes the student will automatically be withdrawn

from the class. The student can choose to finish the program the following session or the student can be issued a refund based on the criteria of the of the refund policy. Half days count as whole days. Tardiness will not be tolerated for the respect of all students. If a student is later than 15 minutes the student must contact the director immediately. Exceptions will be given only to sever illness or death in the family. If a student fails and is removed from that session, or has gotten ill and can't continue with the remainder of the session, they will be allowed to attend the next session of class at no charge.

Rules of Conduct and Appearance: Classes begin promptly at 8:00am each Saturday and run until 5pm. If you are running late, you must call the instructor to let them know your approximate time of arrival. Students must wear uniform or scrubs and clean white tennis shoes and socks during class instruction. Students must wear safety equipment (safety glasses, gloves and masks) during all lab and operatory instructions. Students must not eat, drink smoke or chew gum during class instruction. Students must not be disruptive during class time or interfere with the instruction of other students. Failure to follow these requirements for conduct and appearance are grounds for dismissal. Students caught cheating on exams will NOT graduate this course and receive a grade of F on the final. We will not tolerate cheating of any kind.

Student Services: Students will receive a certificate of completion, a transcript and a letter of recommendation. Students can obtain additional copies of certificates, transcripts or letters for \$10.00 each. Students must make a written request including their name, the address where the documents should be sent, which documents and quantity with an enclosed check for the appropriate amount. The request must be addressed and checks payable to:

The Dental Careers Institute

7766 Winghamen Blvd.

O'Fallon, MO 63368

Grievances: If a student has an incident to treatment received or an objection about their education, they must submit that in writing to the instructor within three days from the day of the incident. The instructor will then answer that appeal with in three days of receiving that letter. If the student is not satisfied with the instructor's decision, the student has the right to appeal to the Director. The Director has five days to resolve the situation with the student. This procedure must be done by the student only. No petition by more than one

student or group of students will be considered as an official appeal. Students not satisfied with The Dental Career Institute's grievance policy may pursue further resolution of complaints through the following agency.

Hawaii State Department of Education

1390 Miller Street

Honolulu, HI 96813
